

Conveyance Solutions

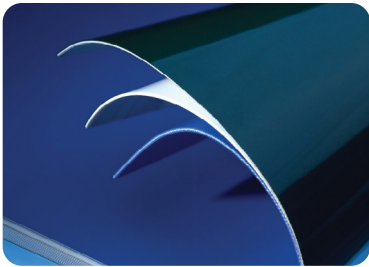

Built to keep your operations running at peak performance.

✓ Belt & application expertise

✓ Local inventory, national scale

✓ Broad access to leading manufacturers

✓ 24/7 field support

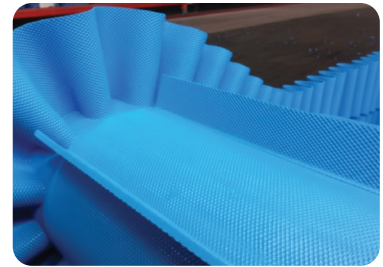

Conveyor Belting

Lightweight, modular, metal, timing belt and heavyweight belting solutions designed for demanding conveying applications.

Components, Power Transmission, & Hose Products

Rollers, pulleys, motors, gearboxes, chains, and drive components to keep conveyor systems running.

Custom Fabrication & Service

Application support, custom belt and hose fabrication, engineered rubber solutions, installation, and ongoing service.

Industries & Application Expertise

Supporting sanitary, high-speed, heavy-duty, and precision conveyor applications—guided by industry specialists who ensure the right-fit solution for every environment.

Product Offering

Lightweight Conveyor Belting

- Plied Fabric "Conventional" Belting
- Monolithic & Thermoplastic Positive Drive
- Teflon & Silicone, Extreme Condition
- Nylon Core & Machine Tapes
- Heavy Rubber Belting, High-Temp & MOR

Modular Belting & Components

- Modular Plastic Belting
- Tabletop & Knuckle Chain
- Sprockets & Components
- Wearstrips & Guidance
- Custom Machined Plastic Components

Metal Belting

- Flat Wire, Standard & Heavy Duty
- Flat Flex, Compact Grid, Eye-Link
- Balanced Weave, Standard & Compound
- Chain Drives, Roller & U-Link Chains
- Machined Sprockets & Components

Heavyweight Rubber Belting

- Plied, Heavy Duty Belting
- High-Temp, Oil Resistant, Flame Retardant
- Impact & Abrasion Resistant Materials
- Heavyweight Belting Lacing & Components
- Skirt Board Rubber

Conveyor Components

- Conveyor Rollers & Pulleys
- Drum Motors, Motorized Rollers
- Belt Trackers
- Belt Cleaners, Continuous Scrapers
- Custom Machined Plastic/Metal Parts

Belt Accessories & Installation

- Belt Fasteners & Mechanical Lacing
- V-Guides & Cleatings
- Splicing Materials, Films and Adhesives
- Installation Equipments & Tools
- Take-Up Systems

Hose & Rubber

- Industrial Hose & Hose Assemblies
- Industrial & Hydraulic Hose
- Fittings, Couplings & Valves
- Plastic & Rubber Sheets Goods
- Custom Cut Plastic & Rubber Parts

Power Transmission

- Synchronous Timing Belts & V-Belts
- Bearings (Mounted & Unmounted)
- Roller Chain & Sprockets
- Motors, Gearboxes & Gearmotors
- Variable Frequency Drives

Capabilities & Services

Custom Fabrication

- Cleats, V-guides, and sidewalls
- Perforations
- Mechanical lacing
- Vulcanizing and endlessing
- Edge sealing
- High-frequency welding
- CNC-cut parts
- Hose assembly services

Conveyor Systems & Engineering

- Conveyor system design
- Modular belt and chain conveyors
- Roller conveyors
- System layout and integration
- AutoCAD design
- 3D-printed custom components

Field Support & Services

- Conveyor belt installation
- Plant belt audits
- Stockroom surveys
- Motorized pulley repair
- Conveyor modifications
- Preventative maintenance
- 24/7 emergency repair services

Branch Coverage

📍 25+ locations ● local inventory ● 24/7 service
